

2ND NATIONAL CONGRESS OF ONCOLOGY OF ASSOCIAÇÃO PRESENTE: PRECISION AND HUMANIZATION MEDICINE IN COPING WITH CANCER WERE THE THEMES OF THE 2ND NATIONAL CONGRESS OF ONCOLOGY

Aiming to bring continuous education and learning among professionals from different areas of health and hundreds of scholars, Associação Presente, which for more than 14 years has welcomed needy cancer patients and has saved lives through campaigns for early diagnosis, performed the 2nd National Congress of Oncology - scientific event of excellence, which between August 30th and September 01st of 2018, brought light to Montes Claros concerning Cancer Prevention, Health Promotion, Cancer Treatment and Palliative Care. 31 renowned speakers throughout Brazil discussed updated themes and ongoing research related to breast cancer, gynecologic, lung cancer, prostate, gastrointestinal tract cancer, immunotherapy, contribution of genetics in oncology, managing the effects of treatment, health promotion and palliative care.

In addition to Associação Presente, the event was attended with support of the following partners: Oncovida, Bristol, Roche, Dr. Reddy's, Astelas, Teva, Libbs, Brazilian Society of Oncology, Brazilian Society of Mastology, Academic League of Cancerology of North of Minas Gerais State, Academic League of Palliative Care and Unimontes Científica Journal (State University of Montes Claros). There were more than 500 subscriptions among which 130 with scientific paper in simple abstracts and full articles. This special issue of the Científica Unimontes Journal contemplates the 30 scientific articles approved and presented in this National Congress of Oncology. The disclosure in English of this edition, following the same example of the previous one, provides better visibility of science discussed in such successful event. We are grateful to everyone who made this special issue of Unmints Scientific Journal possible and which greatly exalted and validated the commitment of love to of Associação Presente!

Peace and Goodness, ever!
